 - That the Highways Surveyors Charity be approached for the initial board, and
- Sponsorship or donation to be sought from local businesses for the remaining boards, with any additional costs included in the 2026–27 draft budget.

It was PROPOSED CIIr N West that Option D Greenbarnes Model AF58 in green be agreed, seconded CIIr J Green. That Parish Council has a working party to install. Cost £775.85. And that the board be lockable and paid for by the highways surveyors. Installation outside the village hall.

a) The meeting RECEIVED the forecast to year end 2025–26.

Bank reconciliation received as at 30.9.25 showing a balance of £10,256.36.

Current estimate £1,900 to £2,500 at year end in bank – VAT still to be received.

That is the total cash on hand, including earmarked and general reserves.

b) RECEIVED draft budget 2026–27. Tree surgeries and lamp posts have increased the sum, currently £19,500 precept would be necessary.

It was noted that a donation is unlikely to be received from the Recreation Ground. That the Council is more likely to need to budget some money to be donated to the Recreation Ground. It was suggested that a precept request of around £20,000 was looking to be realistic as the draft is accurate.

It was RESOLVED under the Public Bodies (Admission to Meetings) Act 1960 (as extended by s.100 of the Local Government Act 1972) that the public and press be excluded from the meeting for item 14 on the grounds that it could involve the likely disclosure of private and confidential information

Foulden Parish Council - Motion Request Form

Councillor Name: Neil West

Date Submitted: 21/11/2025

1. Proposed Motion (wording to appear on the agenda):

To consider the purchase of two further new purpose built Aluminium noticeboards. One to replace the existing noticeboard located outside the woodyard on White Hart Steet, close to the village sign. The second to replace the current noticeboard located outside no. 24 School Road (in the area known as The Dip). The specification to be as Option D below, which is the same as the noticeboard the council agreed to purchase at the previous meeting except that the door will not be secured with a keyed lock, and the noticeboard header will be signed as suggested below. With removal of the current noticeboards and installation of the new noticeboards undertaken by a Parish Council working party.

2. Background / Reason for Motion:

The current three Parish Council noticeboards are not in a serviceable condition because of deterioration, possibly due to poor construction and a lack of maintenance. Council has already agreed to replace one of their three noticeboards, this motion seeks to replace the remaining two. Other than an occasional wipe clean the proposed replacements offer an essentially maintenance free solution, with the capacity to last for many years.

3. Specification:

Option D. Greenbarnes model AF58

size: 8 x A4, Powder Coated (Green), Single door, Magnetic display c/w 8 x 25mm dia magnets, plexichoc glazing, square pattern header, white computer-cut vinyl lettering "Foulden Community Notices" (font: Arial Bold), 60x40 aluminium mounting posts powder coated (Green), latch, 2 x bags postcrete. Cost including shipping £775.85

The manufacturer provides a 5 year warranty. Costs shown are exclusive of VAT

4. Supporting Information:

 Funding - The motion is fully funded with no financial commitment from the Council. Funding has been secured with donations from the following businesses:

FRA Projects Ltd
Derek Hales Ltd
John Gooch Electrical Services Ltd
Adanac Valve Specialities Ltd

- The noticeboard supplier does not provide a non-key lock option for this notice board. However, it is thought that a small modification can be done to the board, without compromising it's integrity, to replace the function of the lock with a turn latch. The small cost of this modification will be covered by a saving on carriage costs from the board supplier, and a rounding up of the donations.
- The proposal is for these noticeboards to be headed "Foulden Community Notices". They are still to be used for Council notices. However, as the general public are to have free access to these two noticeboards, removing Foulden Parish Council from the header disassociates the Council from any content that might not align with Council protocol. Nb. The noticeboard already ordered will be headed "Foulden Parish Council" as agreed, and will be locked and under the control of the Clerk.

The image above shows an example of the noticeboard proposed

7. Assertion 10 2025/2026 audit:

Digital and data compliance (Assertion 10 added to clarify data compliance, previously covered under Assertion 3)

Note: Assertion 10 will not appear on the AGAR until 2025-26

- 1.49 All websites must meet the Web Content Accessibility Guidelines 2.2 AA and the Public Sector Bodies (Websites and Mobile Applications) (No. 2) Accessibility Regulations 2018 (where applicable). 15 of 74

- 1.53 The DPA 2018 supplements the GDPR and classifies an authority as both a Data Controller and a Data Processor.
- 1.54 All smaller authorities (excluding parish meetings) must also have an IT policy. This explains how everyone clerks, members and other staff should conduct authority business in a secure and legal way when using IT equipment and

Setting the Parish/Town Precept

The Local Government Finance Act 1992 states that precepts may be set by parishes and towns for their budget requirements, and this calculation is to be issued to the billing authority. Breckland as the billing authority will then add the town/parish precept onto the Council Tax bills for each household in the relevant town/village.

It is important that the precept is set at the correct level as an increase in the precept requirement will result in an increase to the council tax bill issued to residents. In addition, if the tax base decreases/increases the Council Tax charge will go up/down for each household.

Tax Base

The tax base is made up of the number of households within the district less adjustments for exemptions for properties where council tax cannot be collected and discounts such as single occupancy.

Each property falls into a "band" and we apply a factor in each band to bring us back to a value for each property. A band D has a factor of 1.0, a band A has a factor of 0.666, a band B has a factor of 0.777, etc. The tax base is calculated by adding together the number of properties for each band multiplied by the factor for each band.

How to calculate the cost for a Band D Council Tax payer

Example:

Parish Precept Requirement	£3,500
Divide by the Tax Base	92.10
= Band D Council Tax Charge	£38.00

An increase in the precept requirement will result in an increase to the Council Tax charge

Example:

Parish Precept Increased Requirement	£4,500
Divide by the Tax Base	92.10
= Band D Council Tax Charge	£48.85

An increase in the tax base will result in a decrease in the Council Tax charge

Example:

Parish Precept Requirement	£3,500
Divide by the increased Tax Base	100
= Band D Council Tax Charge	£35.00

Payment of the Precept

Payments are made by Breckland by BACS to the parish/town councils half yearly in April and September. If the precept is less than £1,000 the full amount will be paid in April.

Deadline Dates

Each parish/town needs to approve the precept at their parish/town council meeting, then use the enclosed forms to notify us of your precept requirement (even if this is nil). Breckland ask that the relevant form is returned to us no later than Friday 23rd January 2026. This date will give the Council sufficient time to factor the parish and town precept requirements into the Council Tax setting approval process.
